The Tromsø experience: Learning through sharing
UiT Open Access Policy

- UiTs policy is that research should be made accessible to as many as possible

- As a general rule, publications arising from research at the University should be made public through OA journals or deposited in research archives

- In case of equal scientific merit, a UiT researcher is to choose OA journals

- UiT shall strive for that journals and anthologies published by the University should be OA
UiT Open Access publication fund
