### 7th Nordic Workshop on Reindeer Research

#### *First announcement*

The **7th Nordic Workshop on Reindeer Research** will be held at the Department of Arctic Biology, University of Tromsø, on 22nd and 23rd September 1993.

The provisional theme of the meeting will be «Reindeer, reindeer pasture and environmental conservation in the Barents Euro Arctic Region (BEAR)».

The programme will include three lectures by invited speakers, a panel debate on the main theme and a poster session.

The provisional lecture titles are:

«International political aspects of agriculture and environmental conservation in BEAR.» (A representative of the Norwegian Ministry of Foreign Affairs).

«Perspectives and problems for reindeer husbandry in BEAR.» (A representative of the Saami Reindeer Herders' Association).

«Biological diversity and environmental conservation in BEAR.» (A representative from the Directorate for Nature Management, Norway).

The meeting will include an opportunity to inspect the new facilities of both the Department of Arctic Biology and the Centre of Veterinary Medicine in Tromsø.

The timing of the meeting has been selected for the convenience of delegates who wish to attend the 5th WORLD WILDERNESS CONGRESS which will convene in Tromsø from 24th September to 1st October 1993. *Note:* delegates must register separately for these two meetings.

Further information about the 7th Nordic Workshop on Reindeer Research will be forwarded later to Nordic subscribers to *Rangifer*. Persons outside Nordic countries who may wish to attend this meeting should contact the NOR Secretariat, P.O. Box 378, N-9401 Harstad, Norway; fax +47 8266280.
