

## Information

### 9th NORDIC WORKSHOP ON REINDEER RESEARCH

The NOR-workshop will be held in Uppsala, Sweden, in November 1996, most likely during week no 47. Further details will be provided in the near future. NOR offers some possibilities for travel grants, if interested, please see separate announcement for details. The dead line for travel grant applications for the NOR-workshop in Uppsala is June 1, 1996.

### NORDIC COUNCIL FOR REINDEER RESEARCH Grants 1996

Applications will be considered for:

- participation in congresses, symposia, scientific meetings, etc.
- shorter stay for studying
- arrangements of meetings for small groups of researchers to discuss particular subjects

To be considered, the application has to include the following information:

- applicant's name, university/college address, current position (researcher, research scholar, student) and if salaried person or borrower
- the purpose of the "project", more detailed information
- destination, means of travel, purpose for journey, budget (cheapest maintenance and travel)
- other grants applied
- presentation (oral, poster)

The grants are to be used in the financial year of 1996. Successful applicants must report to NOR before receiving the grant. Student applicants are prioritized and, this year, the main purpose for the NOR grant is to support participation at the 1996 NOR-workshop in Uppsala (Ninth Nordic Workshop on Reindeer Research).

Deadline for applying is June 1, 1996 Complete application and send it to NOR, c/o NVH, Institute of Arctic Veterinary Medicine, N-9005 Tromsø, Norway.

### Errata

Rangifer, no 1, 1995

The reference list on page 18 in the paper by Applegate & Gray was left out by a printing mistake. The list is enclosed in the present edition. Fasten it on page 18 of Rangifer, no 1, 1995.

The correct address of R.D. Applegate as corresponding author is:

Kansas Dept. of Wildlife & Parks, Investigation and Inventory Office, 1830 Merchant, P.O.Box 1525, Emporia, Kansas 66801-1525, USA
