

Information

PRELIMINARY NOTICE

11th Arctic Ungulate Conference (AUC)

A conference on the biology, management, herding and hunting, husbandry and harvesting, history and culture, health and diseases, welfare and production of Arctic Ungulates, especially reindeer/caribou and muskoxen.

Scientific programme

The conference will emphasize all aspects of the management and biology of Arctic Ungulates and especially also disciplines traditionally not so well represented in this series of conferences, including reindeer husbandry, management and marketing, animal health and welfare, and history and multiple land use. Presentations of either social or nature studies are much welcomed.

The 11th Arctic Ungulate Conference (AUC) will convene in Saariselkä, in the Heart of Lapland, Finland, 24-28 August, 2003.

More information will be available 1 June, 2002. As soon the conference web site is established you will find a link to it at NOR's web address www.rangifer.no
