

RANGIFER

Vol. 10

1990

Special Issue No. 5

Proceedings of the Sixth Nordic Workshop on Reindeer Research, Tromsø, 8-10 October 1990

Contents Page

Programme 2

Lectures

E. Norvik: Research as the basis for decision-making in the reindeer husbandry 3

O. Halvorsen: Resources, reindeer and man. How can research contribute to sustainable development? 5

A. J. Pearse: What has made deer farming in New Zealand so successful? 6

Poster presentations:

U. Heiskari and M. Nieminen: Maintaining reindeer on roughage diet during winter 14

A. J. Karter, I. Folstad, A. Skorping and D. W. Heard: The effect of ivermectin on reindeer offspring's weight gain and survival: preliminary findings 15

G. Malmfors: Influence of handling systems on meat quality of beef and some remarks concerning slaughter handling of reindeer 16

I. Kojola and T. Helle: Benefits from calf harvest 17

J. Kumpula, K. Kumpula and M. Nieminen: Dominance relationship in female groups of semi-domesticated reindeer: changes after antler removal 18

S. Nikander, S. Saari and T. Rahko: Pathological changes in dictyocaulosis of reindeer ... 19

A. Oksanen, M. Nieminen, T. Soveri, K. Kumpula, U. Heiskari and V. Kuloharju: The establishment of parasites in reindeer 20

C. J. Petersson, D. Lenvik and Ø. Nissen: Data systems for improvement of reindeer production 22

P. Soppela, M. Nieminen, S. Saarela, J. S. Keith, J. N. Morrison and P. Trayhurn: The presence of uncoupling protein in «brown» adipose tissue of reindeer 29

Rangifer, Special Issue No. 5, 1990 1

E. Ropstad, D. Lenvik, E. Bø, M. M. Fjellheim and K. B. Romsås: Ovarian function and pregnancy rates in reindeer calves (<i>Rangifer tarandus</i>) in southern Norway	31
E. Ropstad and D. Lenvik: The use of cloprostenol and prostaglandin F _{2α} to induce luteolysis in reindeer calves	32
B. Åhman and G. Åhman: Levels of ¹³⁷ Cs in reindeer bulls in July/August and September and the effect of early slaughter	34
Panel discussion: Meat quality	37
Magnus Nordkvist: Acknowledgement	39
Participants	40
Situations during the workshop, photos	44

Programme

Monday, 8 October

17.00–20.00 Poster Installation

20.00–23.00 Get-together meeting. **Svein D. Mathiesen:** Among reindeer and penguins on South Georgia

Tuesday, 9 October

09.00–09.15 Opening by Erlend Rian, Chairman of the Council of Tromsø.

09.15–10.15 **Erling Norvik:** Research as the basis for decision-making in reindeer husbandry. Discussion.

Main subject I. Reindeer husbandry. Basis for resources and the man.

10.15–11.30 Presentation of scientific posters. Session leader: **Sven Skjenneberg.**

11.30–12.15 **Odd Halvorsen:** Resources, reindeer and man. How can research contribute to sustainable development? Discussion.

12.30–13.30 Lunch.

13.30–17.00 Guided tour on the University of Tromsø: Department of Arctic Biology and Department of Ecology.

18.00–19.00 Reception in «Arctic Gallery». Host: Norwegian Saami Reindeerowners Association. Art exhibition by Sven Skjenneberg.

20.00– Banquette. Restaurant «Arctandria».

Wednesday, 10 October

Main subject II: Meat quality.

09.00–10.00 **Anthony J. Pearse:** What has made deer farming in New Zealand so successful?

10.00–11.00 Presentation of scientific posters. Session leader: **Sven Skjenneberg.**

11.00–12.45 Panel discussion: Meat quality.

13.00–13.15 Evaluation and closing ceremony.

13.15–14.15 Lunch.

14.15 Workshops. Discussion groups.
